INDEPENDENT AUDITOR'S REPORT

Board of Education
Piner-Olivet Union Elementary School District

and

Citizens' Oversight Committee
Measure L, General Obligation Bonds, Election of 2010

Report on the Financial Statements

We have audited the basic financial statements of Piner-Olivet Union Elementary School District for the fiscal year ended June 30, 2014, and have issued our report thereon dated December 5, 2014. We have also audited the accompanying Measure L - Building Fund Balance Sheet, and Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Measure C - Building Fund basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Measure L - Building Fund of Piner-Olivet Union Elementary School District, as of June 30, 2014, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2014 on our consideration of Piner-Olivet Union Elementary School District's internal control over Measure L - Building Fund financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over Measure L - Building Fund financial reporting and compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Piner-Olivet Union Elementary School District's internal control over Measure L - Building Fund financial reporting and compliance.

PINER-OLIVET UNION ELEMENTARY SCHOOL DISTRICT

MEASURE L - BUILDING FUND

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Policies

Piner-Olivet Union Elementary School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's California School Accounting Manual. The accounting policies of the District conform to U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

B. Fund Accounting

The accounts of the District are organized on the basis of funds, which are considered to be separate accounting entities. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The proceeds from the sale of general obligation bonds, and the subsequent expenditure of the bond funds, are accounted for in the Building Fund of the District.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

Governmental funds are generally accounted for using the modified accrual basis of accounting. Their revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

D. Deposits and Investments

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001).

The County is authorized to deposit cash and invest excess funds by California *Government Code* Section 53648 et seq. The funds maintained by the County are either secured by the FDIC or are collateralized.

Investments with original maturities greater than one year are stated at fair value. Fair value is estimated based on quoted market prices at year-end. All investments not required to be reported at fair value are stated at cost or amortized cost.

PINER-OLIVET UNION ELEMENTARY SCHOOL DISTRICT

MEASURE L - BUILDING FUND

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 - DEPOSITS AND INVESTMENTS

Summary of Deposits and Investments

County Pool Investments \$ 270.685

County Pool Investments

County pool investments consist of District cash held by the Sonoma County Treasury that is invested in the county investment pool. The fair value of the District's investment in the pool is reported in the financial statements at amounts that are based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio).

General Authorization

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedule below:

<u>Authorized Investment Type</u>	<u>Maximum Remaining Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Maximum Investment in One Issuer</u>
Local Agency Bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None
U.S. Treasury Obligations / Securities	5 years	None	None
Banker's Acceptance	180 days	40%	30%
Commercial Paper	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of base	None
Medium-Term Notes	5 years	30%	None
Mutual & Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-Through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rate will adversely affect the fair value of an investment. Generally, as the length of the maturity of an investment increases, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury that purchases a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

PINER-OLIVET UNION ELEMENTARY SCHOOL DISTRICT

MEASURE L - BUILDING FUND

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 - DEPOSITS AND INVESTMENTS (CONTINUED)

Segmented Time Distribution

Information about the sensitivity of the fair value of the District's investment to market interest rate fluctuations is provided by the following schedule that shows the distribution of the District's investment by maturity:

<u>Investment Type</u>	<u>Carrying Value</u>	<u>Fair Value</u>	<u>Less Than 1 Year</u>	<u>More Than 1 Year</u>
County Pool Investments	\$ 270,685	\$ 270,198	\$ 185,389	\$ 85,296

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type.

<u>Investment Type</u>	<u>Carrying Value</u>	<u>Fair Value</u>	<u>Rating as of Year End</u>		
			<u>AAA</u>	<u>Aa</u>	<u>Unrated</u>
County Pool Investments	\$ 270,685	\$ 270,198			\$ 270,685

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. However, the District does not hold any investments in any one issuer that represent five percent or more of the total investments held by the District.

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

PINER-OLIVET UNION ELEMENTARY SCHOOL DISTRICT

MEASURE L - BUILDING FUND

NOTES TO FINANCIAL STATEMENTS

FOR THE FISCAL YEAR ENDED JUNE 30, 2014

NOTE 2 - DEPOSITS AND INVESTMENTS (CONCLUDED)

Custodial Credit Risk - Investments

This is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The District does not have a policy limiting the amount of securities that can be held by counterparties. As of June 30, 2014, the District does not have any investments of this type.

Derivative Investments

The District does not directly invest in any derivative investments. Information relating to the use of derivative investments by the Sonoma County Treasury was not available.

NOTE 3 - COMMITMENTS AND CONTINGENCIES

Litigation

The District is subject to various legal proceedings and claims. In the opinion of management, the ultimate liability with respect to these actions will not materially affect the financial position or results of operations of the Measure L - Building Fund.

NOTE 4 - SUBSEQUENT EVENTS

The District's management has evaluated events or transactions that occurred for possible recognition or disclosure in the financial statements from the balance sheet date through December 5, 2014, which is the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that require disclosure in or adjustment to the current year financial statement.

OTHER INDEPENDENT AUDITOR'S REPORTS SECTION

STEPHEN ROATCH ACCOUNTANCY CORPORATION

Certified Public Accountants

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Education
Piner-Olivet Union Elementary School District

and

Citizens' Oversight Committee
Measure L, General Obligation Bonds, Election of 2010

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the Measure L - Building Fund Balance Sheet, and Statement of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual, of Piner-Olivet Union Elementary School District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Measure L - Building Fund basic financial statements, and have issued our report thereon dated December 5, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over Measure L - Building Fund financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Measure L - Building Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the Measure L - Building Fund financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters related to the Measure L - Building Fund that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
