Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I am interested in serving as a CSBA Delegate because I believe my experience in, and passion for, public education makes me an excellent representative for local school boards. CSBA regularly demonstrates its value as an advocate, such as with the Full and Fair Funding initiative. Engaging in, and supporting, CSBA's efforts on our behalf is critical to our success as individual districts. I bring to the position my 23 years of service as a public school trustee, combined with the experience gained from a 30+ year career in municipal human resources. With this background I can listen to, synthesize, and articulate district concerns to CSBA.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I have been a member of the Bennett Valley Union School District Board of Trustees for 23 years. I have served as Board President and as a member of the board Policy Committee and the Labor Negotiations team. I have served on the Sonoma County Committee on School Board Organization for 14 years. During my 4 years as a CSBA Delegate, I have attended all Delegate Assembly meetings, served as a validator for Golden Bell Award nominations and have volunteered to serve on the CSBA task force on climate change. My community service has included time as a board member of the Bennett Valley Education Foundation and the 4Cs.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

The challenge facing Sonoma County schools today is meeting the educational needs of a community which has seen multiple traumatic events in recent four years. Our students and staff need resources to address losses from distance learning, adapt to teaching in the era of COVID, and provide emotional support in addressing the accumulating trauma from the past four years of fire, smoke, flood, and pandemic. CSBA is positioned to make the legislature aware of these issues. In the next year this will include responding to the enrollment cliff in many districts as well as on-going issues with funding for special ed and pensions.

# Piner-Olivet Union School District -- Student Outcomes

Mastery of the following competencies is the cornerstone of the Piner-Olivet District program. In addition to the knowledge described in the California Content Standards, these competencies are the foundation of our culture and academic goals. We believe that students proficient in these skills and behaviors will be successful on any path they choose.

# **Personal Integrity**

Students handle themselves with confidence and act with honesty and courage. They commit to their developing beliefs and are willing to assume roles as inquiring observers, active participants, and dynamic leaders. They demonstrate positive working relationships across diverse groups, accept personal responsibility for their actions, and remain open to learning from the feedback and guidance of others.

# **Productive Collaboration**

Students develop and use the skills necessary to plan and engage in group projects. They work to resolve social and logistical conflicts and devise solutions to meet diverse needs. They collectively set goals and develop strategies to meet those goals. They evaluate the effectiveness of their approach and constructively adapt to new understandings as they arise.

# **Critical and Creative Thinking**

Students identify problems and pursue opportunities from multiple perspectives. They locate, organize, analyze, and apply key information in inventive and imaginative ways. They design, evaluate, and employ a variety of strategies, tools, and skills to achieve innovative results. Students are independent, creative, and critical thinkers who question and connect to the world around them from both big picture and focused perspectives.

## **Effective Communication**

Students understand and practice effective communication using verbal and nonverbal language with intent, awareness, and accuracy. They are empathetic, emotionally intelligent, persuasive, and articulate. They are skillful self-advocates who effectively communicate their needs. Students internalize and present their understandings and ideas with confidence and clarity. Employing a variety of media, they use practical, academic, and artistic abilities to convey meaning in a clear and engaging fashion.

# **Reflective Learning**

Students excel at making critical observations about their own learning and potential. They formulate meaningful and relevant questions that inspire and encourage further inquiry. Students consistently take charge of their education by reflecting upon and revising their own practices.

# **Citizenship and Global Responsibility**

Students are engaged and informed citizens. They are empowered to create positive change in themselves, their communities, and the world. They are mindful and principled decision makers who understand the long and short-term effects of their actions on others and the environment. They practice compassionate, ethical, and active citizenship in local, global, and virtual settings. Students strive to achieve balance between their own needs and the needs of others.

# **Resiliency and Drive**

Students are adept at taking intelligent risks and view mistakes as necessary steps toward learning and growth. They consciously identify their intentions and desires. They possess the tenacity and determination to work individually and collaboratively. They are self-motivated and self-regulated. Piner-Olivet students confront challenges and persevere through adversity.

# BUDGET SUMMARY

#### PINER-OLIVET UNION SCHOOL DISTRICT

To: The Governing Board

From: Dr. Kay Vang, Chief Business Official

Subject: The Second Interim Financial Report for 2021-22

The District's budget is a financial plan reflecting the District's Local Control Accountability Plan (LCAP) and Board designated essential services. The budget is not meant to be static, rather it is a fluid document that is updated several times each year to reflect changes in legislation, personnel, utility costs, etc. as new information is received on actual costs and revenues. It is important to remember that a budget is a best estimate at any given time as it was developed with the facts known at that specific time. This budget was developed using a technical process that included revenue forecasts, expenditure projections and identification of known carryovers. Reasonable average daily attendance (ADA), and cost of living adjustment (COLA) were used when planning and developing the budget. This process was applied to all district funds.

#### Local Control Funding Formula

On January 10, 2022, the Governor released the 2022-23 proposed state budget which includes a 5.33% cost of living adjustment (COLA) to the Local Control Funding Formula (LCFF), as well as a 5.33% COLA to special education and all other programs outside the LCFF.

Declining enrollment projections due to ongoing demographic trends were exacerbated over the last two years due to the COVID-19 pandemic. Average daily attendance (ADA) has declined by both enrollment declines as well as a lower rate of attendance per enrolled pupil due to COVID-19 quarantines. Under the current law, the LCFF for school districts is funded on the greater of current or prior year ADA. The budget proposes to permanently alter the formula from the greater of current or prior year ADA, to the greater of current year, prior year, or average of three prior years' ADA, whichever is greater, which would allow an extended period of time to adjust budgets for the significant ADA declines most districts have realized. Districts will be funded on the option that provides the highest revenue. Charter schools and county offices of education are not afforded the prior year guarantee and are funded on current year ADA. The budget does not propose providing the declining enrollment formula adjustment for charter schools or county offices of education; however, the Governor acknowledges the need for further review.

#### General Planning Factors

Illustrated below are the key planning factors incorporated into the 2021-22 second interim reporting and multiyear projections based on the latest information available:

Planning Factor	2021-22	2022-23	2023-24

#### Local Control Accountability Plan (LCAP)

At their November 2021 meeting the State Board of Education (SBE) adopted a revised LCAP template and action (expenditure) tables, and a template for the mid-year one-time supplement to the annual update. The Budget Overview for Parents template has also been updated to align with changes to the LCAP.

A new law that came into effect in 2021-22 relates to the new Local Control Accountability Plan (LCAP) requirements that include the following:

- The requirement for a mid-year, one-time supplement to the annual update
- Carryover requirements for actions, expenditures, and qualitative improvements contributing to increased and improved services for targeted pupils
- Demonstration of how the additional concentration grant add-on funding is being used to increase the number of staff providing direct services in high needs schools

#### New Plan Requirements

AB 130 and AB 167 created multiple new planning requirements for the 2021-22 fiscal year. In addition to the revised LCAP requirements stated above, the following plans must be developed or updated by LEAs this year:

Plan	Deadline	Required Template?	Approval
ESSER III Safe Return to In- Person Instruction	Every 6 months after initial assurances	Yes, for initial assurances, no thereafter	Post on website
A–G Completion Improvement Grant	4/1/22	No	Present at public board meeting, adopt at subsequent board meeting
Prekindergarten Planning Grant	6/30/22	Optional (Includes data CDE will require)	Board adopts at public meeting
Expanded Learning Opportunities Program	Before beginning program operation	Yes	Board adopts at public meeting. Post on website.

**General Fund** (District - Funds 01, 04 and 05)

## Overall Condition of the District

The multi-year projection shows deficit spending in the 2021-22, 2022-23, and 2023-24 fiscal years of \$575,161, \$444,954, and \$553,428 respectively.

MULTI-YEAR PROJECTION			
District (Fund 01, 04, 05)	2021-22	2022-23	2023-24
REVENUES	\$17,366,139.00	\$13,584,648.08	\$13,718,332.15
EXPENDITURES	\$17,941,300.00	\$14,029,602.31	\$14,271,760.75
NET INCREASE (DECREASE) IN FUND BALANCE	-\$575,161.00	-\$444,954.23	-\$553,428.60

Currently, the District has sufficient reserves to maintain a positive financial status in the 2021-22 as well as subsequent years. Below is the minimum requirement of 4% which is the exact amount that the District has set aside for its reserve:

Reserve Standard Percentage Level
Reserve Standard - by Percent

Reserve Standard - by Amount

4%	4%	4%

717.652.00	561.184.09	570.870.43

Piner-Olivet receives Basic Aid Supplement Funding based on the number of students attending District charter schools who would not otherwise be served by the District and based on the amount of property taxes the District must share with the charter schools. This calculation includes students who live outside of the District boundaries and students attending grades 7 – 12. The District is projected to receive \$2,500,0000 for Basic Aid Supplement Funding in 2021-22. \$2,400,000 is budgeted in the 2022-23 and 2023-24 fiscal years.

#### Enrollment/Average Daily Attendance (ADA) Trends

ADA used to project current and future revenues are conservative in nature as enrollment is trending smaller counts. The District receives the majority of its funding based on ADA which is historically 95% of enrollment. However, average daily attendance (ADA) has declined by both enrollment declines as well as a lower rate of attendance per enrolled pupil due to COVID-19 quarantines. As of P-1, absence rates appeared higher with an ADA to enrollment of 93%. The projected enrollment for 2021-22 is 884 and is budgeted to decline over the subsequent years to 854 and 817. The decline is due to a reduced enrollment from past years and the impact that has as each grade level decreases year over year. Part of the LCFF formula is based on classes in grades K-3 being at 24 or less; Piner-Olivet's K-3 classes average 22.13 students.

#### Retirement Packages

The retirement packages offered to retirees are specified in the contracts with the bargaining units. Retirees have the dollar amount of the employee-only cost at the time of retirement contributed by the District towards a health premium until the retiree attains the age of 65. At that time, there is no longer any District contribution. The District is projected to have nine (9) retirees on this plan at a cost of \$66,689. The District budgets and expends a similar amount each year.

## General Fund Contributions to Restricted Programs

Some restricted programs have higher expenditures than revenues. Contributions to restricted programs are expected to increase in subsequent years. The following contributions of unrestricted resources to restricted programs are necessary to cover restricted program expenditures in excess of revenue:

		I.	I
Routine Maintenance	\$474,714	\$518,020	\$528,702
Special Ed Contribution	\$2.057.589	\$2,154,643	\$2,227,345
Special Ed Collabation	Ψ2,001,003	Ψ2,101,010	Ψ2,221,010

#### Multi-Year Commitments

The District passed a General Obligation Bond measure in 1995 for \$10 million. Approximately half of those bonds were sold in 1995 and the remainder in 1998. The bonds were then refunded in 2003 when interest rates were lower. The bonds are being repaid from property taxes levied for that purpose. The bonds will be fully repaid in 2022. The District passed a second General Obligation Bond measure in 2010 for \$20 million. Approximately \$8.6 million of those bonds were sold in 2011, leaving approximately \$12 million in bonding authority. The bonds will be repaid from property taxes levied for that purpose. In 2020-21, the District executed the Forward Delivery Bond Purchase Agreement, dated January 6, 2021. The GO Refunding Bonds, Series 2021 with a principal amount of \$6,215,000 will be utilized for future bond projects such as security alarms, technology infrastructure, marquees, and school grounds.

#### Local Control Funding Formula (LCFF)

The District's LCFF funding estimate for 2021-22 is based on State budget information from the current School Services of California (SSC) Dartboard, which is used State-wide and is a County Office directive. Under the current law, the LCFF for school districts is funded on the greater of current or prior year ADA.

#### Federal Revenues

2nd Subsequent Year (2023-24)

Due to the passage of the \$1.9 trillion American Rescue Plan approved in March 2021, K-12 LEAs are expected to receive approximately \$15.3 billion of Elementary and Secondary School Emergency Relief (ESSER III) funds. The District along with its charter schools are expected to receive approximately \$2,110,427 in ESSER III funds. Since this mass inflow of funds combined with previous one-time federal COVID funds can easily obscure normal operating deficits, districts *must remove the one-time funding in the subsequent years* and either discontinue the expenditure or budget for such expenditures with unrestricted funds unless another allowable restricted funding source is available.

#### Other State Revenues

Other State revenue increased when comparing First Interim to Second Interim due to one-time state COVID funds such as Expanded Learning Opportunity Program (Resource 2600). Second Interim fully budgeted these additional funds; thus increasing state revenues such as ELO-P revenue for elementary schools by approximately \$303,233 in the current year.

2nd Subsequent Year (2023-24)	737,488.71	642,435.07

#### **Expenditures**

Salaries and benefits make up the majority of any educational agency's budget. Certificated step and column costs are expected to increase by 2.11% each year. Unrestricted certificated salaries include a reduction of 4.0 FTE in 2022-23 and 2.0 FTE in 2023-24 due to expected declines in enrollment. Classified step costs are expected to increase by 1.28% each year. Additionally, certificated and classified salaries and benefits that were moved to one-time COVID resources in

2021-22 have been budgeted in unrestricted resources in subsequent years. Below are projected totals for salaries and benefits along with total expenditures for unrestricted resources:

2nd Subsequent Year (2023-24)	7,912,915.50	9,493,660.92	83.3%

#### Fund Balance

The ending fund balance in the 2021-22, 2022-23 and 2023-34 fiscal years are:

Ending Fund Balance [Sum lines D2a-D2e2]	\$5,711,989.00	\$5,267,034.77	\$4,713,606.17

Some portions of this balance are reserved or designated for specific purposes. A breakdown of the projected ending balance is as follows:

Revolving Cash	\$ 3,000
Lottery/Restricted	\$ 29,739
Designated for Facilities & Special Education	\$ 2,988,055
Designated for Economic Uncertainties (4.00%)	\$ 717,652
Designated for Cash Flow (11.00%)	\$ 1,973,543
Unassigned, Unrestricted	\$ 0

#### Cash Flow

The District is anticipating having positive monthly cash balances during the 2021-22 school year. Cash is always closely monitored in order to ensure the District can meet its obligations. As a precaution, the District has established a line of credit with the county Treasury to operate if a negative cash balance should occur. In the current fiscal year, one-time deferral payments and large one-time COVID carryover balances are supporting the cash balances. In future budget years, the cash flow will look much differently.

#### **Piner-Olivet Charter School Fund (Fund 07)**

The District sponsors the Piner-Olivet Charter School. The Piner-Olivet Charter School's first year of operation was 1996-1997. The school serves students in grades 6 - 8. The Budget for the Piner-Olivet Charter School is included as part of this packet. The budget is based on the SSC Governor's Budget Dartboard. The budget reflects that the Charter School will have sufficient reserves due to one-time money that is supporting these reserves. The charter will need to make reductions in subsequent years due to loss of the one-time funding in order to remain fiscal solvent. Unrestricted certificated salaries include a reduction of 1.0 FTE in 2022-23 due to expected declines in enrollment.. Below is the ending fund balance for 2021-22, 2022-23 and 2023-24:

Ending Fund Balance [Sum lines D2a-D2e2]	\$532,102.00	\$493,100.31	\$453,781.96

A cash flow analysis projected through this fiscal year-end is attached. Current cash flow projections show a positive cash flow will be maintained in each month of the 2021-22 fiscal year.

#### Northwest Prep at Piner-Olivet Fund (Fund 09)

The District sponsors another charter school, Northwest Prep at Piner-Olivet. Northwest Prep's first year of operation was 2004-2005. The school serves students in grades 7 – 12. In 2021-22, the school began its Home Study Program and Online Academy to serve students in grades K-12. It is the only school in the District with a high school population. The Budget for Northwest Prep is included in this packet. The budget is based on the SSC Governor's Budget Dartboard. The budget reflects that the Charter School will have sufficient reserves due to one-time money being used to support ongoing expenses. The charter will need to make reductions in the subsequent years due to loss of one-time funding in order to remain fiscally solvent. Below is the ending fund balance for 2021-22, 2022-23 and 2023-24:

Ending Fund Balance [Sum lines D2a-D2e2] \$54

\$542,636.00 \$381,600.56 \$290,796.86

A cash flow analysis projected through this fiscal year-end is attached. Current cash flow projections show a positive cash flow will be maintained in each month of the 2021-22 fiscal year.

#### Cafeteria Fund (Fund 13)

The Cafeteria Fund is utilized for depositing and expending funds related to the Food Service Program. Total revenue budgeted for 2021-22 is \$427,200, total expenditures are \$456,061. To avoid carrying over too high of a fund balance, no contribution will be made in the current year as well as the 2022-23 fiscal year. The program is projected to require a contribution every year in the future thereafter.

The United States Department of Agriculture (USDA) announced an unprecedented \$0.25 increase in lunch reimbursement effective January 1, 2022. Schools operating Seamless Summer Option during 2021-22 are reimbursed under the higher Summer Food Service Program (SFSP) reimbursement rates, which increase annually on January 1. In light of supply chain issues, USDA bumped up the rates a bit higher this year. Thus, federal reimbursement for breakfast increased from \$2.46 to \$2.60 and lunch increased from \$4.14 to \$4.56.

#### **Deferred Maintenance Fund (Fund 14)**

The Deferred Maintenance Fund is utilized for maintenance or upgrades in facilities that are twenty years old or older. Until 2008-2009, the District would transfer ½ of 1% of the General Fund expenditures to the Deferred Maintenance Fund each year with the State matching that amount most years. The 2009 State Budget Act affected this program by allowing this revenue to be used for any educational purpose for 2008-2009 through 2012-2013 (extended to 2014-2015) as well as allowing districts to not make a contribution. For those years through 2012-2013, the District did not make a transfer to the Deferred Maintenance Fund and any revenue received from the State for the Deferred Maintenance Program was used to balance the District's General Fund or was added to the District's Cash Flow Reserve. For 2013-2014, the Board took action to transfer \$100,000 from the District's General Fund to the Deferred Maintenance Fund. During the 2019-20 year the Board took action to not make the transfer to the Deferred Maintenance fund for the 2020-21 through 2022-23 budget years in order to

alleviate the stress on the General Fund balance and address deficit spending. For 2021-22, the projected fund balance is \$280,552.

#### **Special Reserve Fund (Fund 17)**

The Special Reserve Fund was initiated in 2009-2010. \$300,000 was transferred into this fund from the Deferred Maintenance Fund. Along with transferring these funds, the Board took action to designate these funds to be spent only on deferred maintenance items and only if necessary. The Special Reserve Fund ended the 2020-21 school year with a fund balance of \$0. On October 13, 2021, the Board took action to transfer \$500,000 from the General Fund's unassigned reserve to the Special Reserve Fund to update its technology devices, including serve rooms. For 2021-22, the projected fund balance is \$500,100.

#### **Special Reserve Fund (OPEB)** (Fund 20)

The Special Reserve Fund for Other Post Employment Benefits (OPEB), was created in 2014-2015 to address the liability calculated within the GASB 45 report along with the Independent Audit report. \$600,000 was transferred into the fund from the General Fund's unassigned reserve to begin to fund the District's approximate \$1.1 million unfunded OPEB liability. Fund 20, Special Reserve Fund ended the fiscal year 2020-21 with a fund balance of \$650,910 which was under-funded by \$451,210. On October 13, 2021, the Board took action to transfer \$500,000 from the General Fund's unassigned reserve to further fund the OPEB Fund's liability. For 2021-22, the projected fund balance is \$1,154,910.

#### **Bond Fund** (Fund 21)

The Bond Fund was re-established in 2010-2011. \$8,033,000 was initially deposited into this fund from the sale of general obligation bonds. Bond funds may only be spent on items included in the Measure L language that was included on the November, 2010 ballot. Total revenue budgeted for 2021-22 is \$26,000, total expenditures \$1,295,489 with a projected fund balance of \$4,613,741. It is projected that there will be expenses made from this fund during 2021-22 and that the budget would be updated periodically throughout the year to reflect bond projects.

#### **Capital Facilities Account Fund** (Fund 25)

The Capital Facilities Account Fund is utilized for depositing and expending developer fees. Total revenue budgeted for 2021-22 is \$105,000, total expenditures budgeted are \$192,862 with a projected fund balance of \$747,185. Developer fees are not budgeted until they are received. It is anticipated that there will be developer fees collected and spent during 2021-22 and that the budget would be updated periodically throughout the year to reflect those revenues and expenditures.

#### Conclusion:

Despite projected current and future year deficit spending, the current year budget and multi-year projections support the District being able to meet its financial obligations for the current and two subsequent years, noting that one-time dollars are assisting with the financial outlook.

It is important to note that the multi-year projections do not include potential changes to salary and benefit costs, as a result of the upcoming Collective Bargaining process. The District projections may not meet its financial obligations for the subsequent fiscal years if salary increases are included in multi-year projection.

#### Piner-Olivet Union School District

# **Agenda Item Summary**

Action Item: **17.6** Public Hearing Regarding the A-G Completion Improvement Grant Program for Northwest Prep Charter School

Regular Meeting of: March 9, 2022 Item: Report Format:Presentation

Presented by: Dr. Steve Charbonneau, Superintendent

#### **Background**

A-G Completion Improvement Grant Program provides additional supports to local educational agencies (LEAs) to help increase the number of California high school pupils, particularly unduplicated pupils, who graduate from high school with A-G eligibility requirement completed for admission to the California State University and the University of California. By April 1, 2022, LEA shall develop a plan describing how the funds received under this section will increase or improve services for unduplicated pupils to improve A-G eligibility, including the information about the number of pupils identified for opportunities to retake courses.

#### Fiscal Impact

Revenue of approximately \$10,508 for Northwest Prep

#### Recommendation

Approve as presented

# **A-G Completion Improvement Grant Plan**

Local Educational Agency (LEA) Name	Total Grant Allocation
Piner-Olivet Union School District	\$10508

#### **Plan Descriptions**

A description of how the funds will be used to increase or improve services for foster youth, low-income students, and English learners to improve A-G eligibility

Grant funds will be used to increase and improve services for foster youth, low-income students, and English learners in order to improve A-G eligibility by first increasing student motivation to become A-G eligible. Funds will be used to increase access to a wide variety of A-G courses by utilizing online educational platforms. These platforms will help our small school offer a larger variety of A-G courses at all times, helping increase A-G eligibility. Funds will be used to purchase materials and supplies helping increase engagement while taking A-G courses as well. Funds will also be used to create opportunities for students to make up A-G course credits throughout the school year. Lastly, funds will be used to increase support for students taking A-G courses through the use of teacher assistants and tutors. All of the steps described above will lead to an increase of A-G students eligibility.

A description of the extent to which all students, including foster youth, low-income students, and English learners, will have access to A-G courses approved by the University of California.

Grant funds will help all students including foster youth, low income, and English learners have access to a wide variety of engaging A-G courses as well as receiving the support needed for success. This includes using funds to increase student motivation to become A-G eligible, increasing the variety of A-G courses offered, taking steps to increase engagement while taking A-G courses and improving students ability to make-up A-G courses.

The number of students who were identified for opportunities to retake A-G approved courses in which they received a "D", "F", or "Fail" grade in the 2020 spring semester or the 2020-21 school year and a description of the method used to offer the opportunity retake courses.

Number of Students: 35-45

The opportunity for students to retake A-G courses will be through the use of online educational platforms. These platforms will allow students in our small school to make-up all types A-G course they may need at any time. This also allows for flexibility with school schedules and allows students to work outside regular school hours.

A description of how the plan and described services, and associated expenditures, if applicable, supplement services in the Local Control and Accountability Plan and Learning Recovery Plan.

This plan will and the associated funds will supplement goals and services in our Local Control and Accountability Plan and Learning Recovery Plan in a variety of ways. First off, it supports our goal of increasing student engagement, and creating dynamic learning opportunities by enhancing courses and offering a larger variety of A-G courses. This plan and the associated funds will also help support our existing goal of

improving our classroom environment and culture by putting A-G eligibility at the forefront of our school culture. The plan and funds will also support our goal of supporting the whole child and increasing counseling opportunities thus promoting A-G eligibility. The plan and funds will help us provide after school opportunities, increase our ability to utilize technology, increase the ability for students to make-up A-G courses, and overall improve our school culture.

Regular Meeting of: March 9, 2022	Item:Action	Report Format:	
Attachment: 2022-2023 Calendar			

Preented by: Dr. Charbonneau

#### **Background**

POUSD has been working with representatives from other districts as well as the West County Transportation Districts to develop a common School Calendar. The considerations have been to save money in transportation, in apportionment, in student truancy and in staff development for all districts.

#### Issue(s)

POUSD also finds it important that it considers days that Santa Rosa City Schools are not in session. In the past, it has been found that parents will take elementary students out of school when secondary students are not in session. The proposed first day of school for students would be August 11, 2022 and the last day of instruction would be June 1, 2023.

#### Plan/Discussion/Detail

#### Fiscal Impact

#### Recommendation

Approve the Calendar for 2022-2023.
